DETAILED ACTION

Applicant amended Claims canceled **Claims 11-24**. **Claims 1-10** are pending in this application. The outstanding restriction requirement is withdrawn. **Claims 1-10** are drawn to allowable subject matter and are in condition for allowance.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on October 19, 2005 was correctly filed. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement was considered by the examiner. Please refer to Applicant's copy of the PTO-1449 submitted herewith.

EXAMINER'S AMENDMENT

The application has been amended as follows:

1. **Claim 1**, line 10, after the words, "R7 is selected from the group consisting of", delete the repeated words, "consisting of".
2. **Claim 6**, after the words, "R7 is selected from the group consisting of", delete the repeated words, "consisting of".

Response to Remarks and Reasons for Allowance

The amendments to Claims 1 and 6, as well as the cancellation of **Claims 11-24**, without prejudice to the filing of divisional applications thereon, overcome the claim objections. The amendments and cancellations coupled with the lack of prior art place Applicant's claimed invention in condition for allowance.

The prior art discussed in the preceding Office Action, U.S. Patent Application No. 10/925,516, has since issued as a patent February 7, 2006. This patent also contains nicotine derivatives, though none anticipate nor render obvious the instant invention.
